## Confidential 2011-12 Financial Assistance Request

BSC grants financial assistance to offset soccer fees. The amount is determined by the family need and how much money is available relative to the number of requests. Because the need has become greater than the club's budget for financial assistance, the club has put in place a policy to grant financial assistance up to 75% of the fees. Note that financial assistance does not cover uniforms, travel to tournaments and extra tournaments that are not included in the soccer fees.
